EXPERIENCE

Truvin Technology Private Limited | Software Engineer Intern

At **Truvin Technology Private Limited**, I gained valuable experience as a Software Engineer Intern. During my internship, I actively worked on software development using Python, enhancing my programming skills and contributing to various projects. This role helped me solidify my understanding of software development and coding practices.

SKILLS

Programming Languages: Python, JavaScript, Html, CSS
Libraries/Frameworks: Flask, Django
Tools / Platforms: VS Code, GitHub
Databases: SQL, Mongo DB

PROJECTS / OPEN-SOURCE

Masala Magic | [Link](#)

Html, CSS, JavaScript

Developed the frontend of "Masala Magic," an innovative online food ordering website, to significantly enhance user experience in browsing, selecting, and ordering food items. The website features a sleek, user-friendly interface designed with HTML, CSS, and JavaScript to ensure a visually appealing and interactive experience. It includes a comprehensive menu display, dynamic and real-time order confirmation to the ordering process. A responsive design, The project highlights my ability to create engaging, responsive web designs and implement interactive features that improve user satisfaction and usability.

iTravell | [Link](#)

Html, CSS, Javascript & Flask

Developed both the frontend and backend of "iTravell," an advanced online bus seat booking application designed to offer users a convenient and efficient platform for reserving bus seats. The application features an intuitive interface that simplifies viewing of available seats, and seat booking processes. This project showcases my skills in creating a robust, full-stack application with an emphasis on user-centric design and real-time data handling.

Portfolio | [Link](#)

Html, CSS, JavaScript

Designed and developed a personal portfolio website using HTML, CSS, and JavaScript to showcase my skills, projects, and achievements. The portfolio features a clean and modern design with responsive layouts. This project highlights my ability to create visually appealing and functional web pages, demonstrating my proficiency in front-end development and attention to detail in user experience design.
